Highlights

Inflight Entertainment

Free-of-charge unlimited use via a dedicated screen in all three classes with a large selection of over 200 films, 300 TV episodes, numerous audio plays, podcasts and music titles.

Expansion of the Inflight Entertainment program

Guests in all classes can connect to the Onboard Cloud via their own device and access international magazines and newspapers as well as more than 50 cutting-edge games, and a 3D flight map with destination guides. From June 2026, internet will be available on all A330 flights. Free messaging is already available in all classes.
