Fischer Panda UK strengthens sales team expertise with appointment of Vehicle and Specialist Applications Sales Executive

Fischer Panda UK is growing its sales team with the addition of Vehicle and Specialist Applications Sales Executive, David Moscovitz.

David has joined the team following many years working within the automotive business and brings a wealth of technical knowledge from his experience in the OEM and aftermarket sectors. David commented on his appointment; “The primary reason for wanting to work for Fischer Panda UK is their professional attitude to specialised projects, their aftercare support service which is second to none, allied with the way they take excellent care their staff.”

David played a part in providing the specialist expertise available on Fischer Panda UK’s extensive stand at the recent NEC Commercial Vehicle Show, bolstering the Fischer Panda team who offer many years experience in providing advice and recommendations for efficient hybrid solutions to both new and existing clients across the vehicle sector. David will be supporting Vehicle and Specialist Applications Manager, Ian Saunders, as the business develops and progresses its exclusive partnerships with leading brands such as air conditioning provider, Autoclima.

Chris Fower, Sales and Marketing Director commented on David’s appointment; “We welcome David on board and are delighted that we have been able to strengthen our sales team and offer David’s experience in specialist projects with his appointment which supports our continued growth within the commercial vehicle market.”

Fischer Panda UK offers full-system design capability, servicing and aftercare as a leading distributor of diesel generators, air-conditioning systems, hybrid electric solutions and integrated mobile power solutions, for a variety of commercial and specialist application vehicles.

About Fischer Panda UK

Fischer Panda UK Ltd offers full-system design capability, servicing and aftercare as a leading distributor of diesel generators, air-conditioning systems, hybrid electric solutions and integrated mobile power solutions for a variety of commercial and specialist application vehicles.

Renowned worldwide as innovative, reliable and extremely quiet, the extensive Fischer Panda range of compact diesel generators includes its next generation highly efficient and powerful variable speed iSeries-Generators. Other world-class products from Fischer Panda UK include mobile power solutions working as the sole UK automotive distributor for Mastervolt and a wide range of refrigeration and air conditioning solutions as the UK exclusive distributor for Autoclima.

Fischer Panda UK was among the first companies to achieve ISO UKAS 9000:2015 accreditation and operates from a purpose built 9,000 sq. ft facility in Verwood, Dorset.

Active in the military and automotive sectors, the company works with UK MOD and other military units around the world providing solutions for specialist vehicle and land-based applications. Two thirds of Formula 1 mobile truck units install Fischer Panda generators, as do the BBC, Sky and many other mobile broadcasting vehicles.

Operating since 1977, Fischer Panda GmbH is headquartered in Paderborn, Germany. The Fischer Panda team covers more than 500 technicians and partners in over 90 countries worldwide.
