דונן

NNIT is a leading provider of IT transformation services and solutions to international life sciences companies and to the Danish private and public sector.

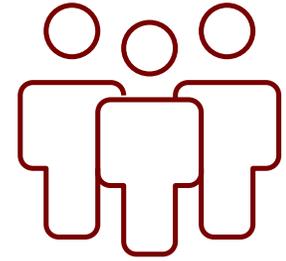

Aspiration

Together we make a mark in
business and society;
bringing digital
transformation to life

Strategy

We provide winning solutions
based on Proven Concepts
delivered Fit for Purpose and
First Time Right

Values

Open and honest
Conscience driven
Value adding

SUSTAINABLE DEVELOPMENT GOALS

At NNIT, we believe our values of making a mark also apply to society at large. In addition to a general approach to proper and fair business conduct, we support the principles of responsible business in the UN Global Compact and report on our progress annually to the UN.

We have identified four SDGs where we see our work adding most value, and we are committed to making a more positive mark on business and society through our activities within this framework.
