

AREWA24 Launches on EUTELSAT 16A satellite to expand its footprint across Nigeria and the region

Paris, 16 April 2015 – AREWA24, the first-of-its-kind 24-hour free-to-air Hausa-language entertainment and lifestyle channel, announced a multi-year capacity lease with Eutelsat Communications (NYSE Euronext Paris: ETL) on the EUTELSAT 16A satellite. Leveraging the satellite's powerful Ku-band footprint that sweeps across sub-Saharan Africa, the channel is shifting towards a new and higher quality of broadcasting service to solidify its position as Northern Nigeria's premiere Hausa language channel. Under the powerful Eutelsat footprint, AREWA24 extends its reach to Hausa-speaking communities throughout Nigeria and the region, including in Niger, Chad, Burkina Faso, Ghana and Cameroon.

Launched in June 2014, AREWA24 has chosen to upgrade performance using EUTELSAT 16A while continuing playout and other channel services with its teleport partner, Jordan Media City, based in Amman, Jordan. Viewers can now benefit from improved satellite signal quality across Hausa-speaking regions and can also access a variety of popular free-to-air channels available from Eutelsat 16A's rich programming neighborhood

Jacob Arback, President of AREWA24, commented: *"We are extremely proud to bring the finest broadcasting resources to our television channel and to enrich the lives of our viewers by showcasing the beauty, promise and potential of Northern Nigeria to Hausa speakers across Nigeria and West and Central Africa. The choice of the EUTELSAT 16A satellite demonstrates our ongoing commitment to raising the quality bar for our viewers and to partnering with a satellite provider that has long demonstrated its commitment to Africa."*

AREWA24 is also the largest producer of original, high quality television programming in Hausa, the most commonly spoken language in Nigeria and West Africa. The channel's line-up covers music, entertainment, lifestyle, business, employment, arts, sports, chat shows, children's programs, Kannywood films and original dramas. AREWA24's original productions are uploaded weekly to [youtube.com/AREWA24channel](https://www.youtube.com/AREWA24channel), and the channel benefits from active audience engagement across its digital platforms at AREWA24.com, [facebook.com/ AREWA24](https://www.facebook.com/AREWA24), and [twitter.com/AREWA24channel](https://www.twitter.com/AREWA24channel).
