

COLLABORATIVE AUTOMATED ORDER PICKING

EffiBOT

FOLLOWS PICKER

SPEED 7 KM/H

OBSTACLE AVOIDANCE

MAX. LOAD 300 KG

EASY TO USE

PRESENT

- Manual cart handling requiring physical effort
- Heavy weights restricting to single order picking
- Longer distances causing slower picking process

FUTURE

- ✓ Hands-free cart handling avoiding physical strains
- ✓ Automated cart enabling multi-order picking
- ✓ Shorter walking distances enabling faster picking process
